

WALKINGWAGON

The stroller for the Nursery!

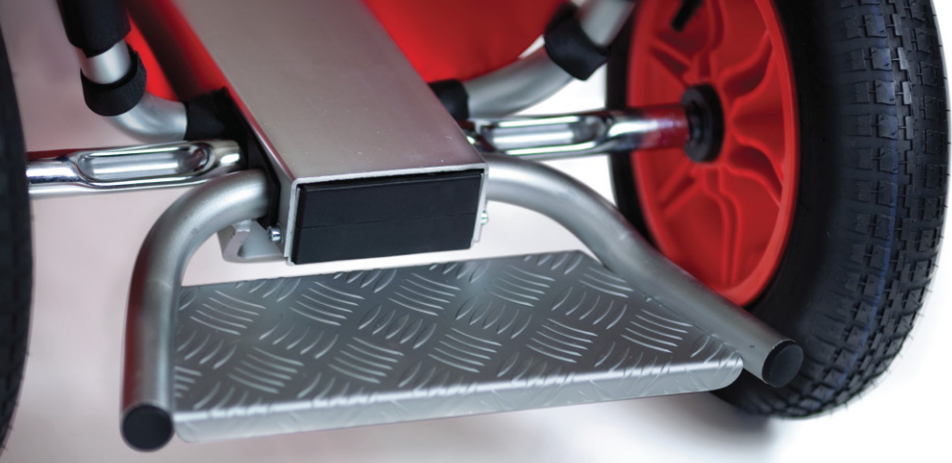

LET'S GO OUTSIDE!

Children love to play and being driven around in a wagon! Enjoying the outdoors, riding across the schoolyard or in the park, the woods and the playground or on the beach. Discover the sturdy Walking Wagons! Top quality with trendy looks. The ideal strollers for Nursery and Childminders! The Walking Wagons are light weight wagons that easily cross thresholds, curbs and bumps. The stroller for the Nursery!

SAFE

The Walking Wagons meet all safety requirements for wagons for children. The children can not get stuck anywhere with their hands or feet and all ends and edges are finished in a child friendly manner. After the children have boarded, the stroller can easily be closed with the rear board. In addition a fitting safety belt is available for children of any age.

ERGONOMICS

The Walking Wagons are the lightest wagons available for the transport of multiple children!

The pulling rod is adjustable in length in order to minimize the strain on your back. It is also possible to mount push bars allowing a second person to reduce the physical strain even more. The Ramblers are fitted standard with a stepping board. The children can step in and out of the wagon themselves and this too limits the strain on your back. Minimal physical strain, maximum pleasure!

WALKING WAGON FIT TO SIZE

The composition of a group of children may vary from day to day. The Walking Wagon is available in three sizes and various functional accessories allow you to create the ideal wagon. Accessories such as: baby and children's seats, a push bar, hood and even bags.

USER COMFORT

The Walking Wagons are suitable for almost any group composition. Various accessories are available for babies, toddlers and pre-schoolers. The setup can be adjusted to the number of children in less than no time. For any age it is easy to create a safe place to sit. The strollers fit through doors and on narrow pavements. The Walking Wagons are foldable and this makes it easy to store them or to transport them in the back of the car.
